### Vocabulary Reference:

- Element – opus sectile shape regardless of amount of marble creating it
- Broken – single piece of marble is cracked or fragmented
- Fractured – cracked out from a single point outward
- Almost completely stripped – pattern that has 1 or 2 elements remaining
- Partially stripped – pattern that has 3 or 4 elements remaining
- Complete – pattern that has all five elements
- Majority (missing) – 75% or more of the element missing
- Half (missing) – about 50% of the element missing

- Fourth (missing) – about 25% of the element missing
- Worn – signs of wear on the surface of the marble but little weathering on the surface
- Heavily Worn – highly weathered and discoloured
- Chipped – marble exists but surface is gouged and missing depth
